Mrs 20-11-23

Serial No.

Dewan's note on the Rev. Comrs. letter (D.O.) no. C.1478/2.11.23 for the grant of an advance of Rs. 200/- to the Amildar of Dodballapur Taluk for meeting urgent expenditure in connection with measures undertaken for relieving distress in the [illegible] Taluk.

"From what source is the Rs. [illegible] to come from? We are sanctioning these amounts ad hoc on the place. I fear there will be no check."

Imprests have been sanctioned to the following Amildars:-

Gowribidnur — Rs. 500
Bagepalli — " 300
Chickballapur — " 250
Madagiri — " 250

In connection with the grant of imprest to the Amildar of Dodballapur the Fin. Secty. who was consulted states that the advance is of the nature of a permanent advance which has to be adjusted out of the sanctioned estimate for works to be executed.

NOTE—Contn. sheet.

Serial No.

When the final bill is made and Rati the Misc advances (Land Improvement and Takavi) have to be met out of the allotment made for the purpose in this year's ways & means estimate.

In this Connection the Rev. Comr's. letter no. C. 1467/23-2 dt. 6.4.1923 subg. a report on the seasonal conditions in the several Distts, the Fin. Secretary has stated as follows:-

"Whether only the four taluks of Dodballapury, Maddagiri, Gowribidnur and Gudibanda are meant or whether proposal is for other Taluks also is not clear. In the former 4 taluks, Rs. 250/- reliefs have been given already, for two of them the amount given is Rs. 250/- each. If this should be raised to Rs. 500/- it may be done."

His Highness the Maharaja of Mysore,
R e v e n u e *Department.*

SIR,

In forwarding herewith copy of letter No.76 dated 23rd October 1923 from the Deputy Commissioner, Bangalore District, re: the seasonal conditions in his District, I have the honor to state that the conditions in the Dodballapur Taluk are reported to be causing anxiety. The Deputy Commissioner having written to me on the 16th about the necessity for starting certain Tank works and Village Improvement works in certain villages of Sasalu Hobli, Dodballapur Taluk, he was requested to report whether any Tank maintenance and Village Improvement works had been started. He has submitted two estimates for Rs.1920/- for improving two cart tracks, one from Hosahalli to Adikevala and the other from Hosahalli to Gummanahalli, and requests immediate sanction to these estimates which are expected to afford labour to the cooly classes in the vicinity in urgent need of work. He proposes to have the works carried out by Amani and submits therefore an estimate of Tools and plant for Rs.210/-. The estimates may be sanctioned.

2. The conditions in the Channapatna, Anekal and Nelamangala Taluks are reported to be not encouraging. No detailed report has been received regarding Nelamangala and the Deputy Commissioner submits the following precautionary measures

Ie

General No. C. 147/23-24.

Enclosure No. 5.

SUBJECT.

Regarding the seasonal conditions in the Bangalore District &c.

---

for consideration:-

(1) An allotment of Rs.2000/- to be held in reserve for drinking water wells,

(2) The Executive Engineer to be authorised to undertake Tank Maintenance works,

(3) The throwing open of the State Forests for free grazing,

(4) An allotment of Rs.8000/- under Takavi.

Regarding the starting of Tank works, a provision of Rs.5000/-, at the disposal of the Deputy Commissioner and another equal sum at the disposal of the Executive Engineer may be sanctioned.

The Conservator may be authorised to throw open the State Forests for free grazing of cattle of the affected tracts. The President of the District Board may be given funds to be ear-marked for sinking wells in affected localities as instructed by the Deputy Commissioner.

A sum of Rs.6000/- has been sanctioned this year under Takavi and the Deputy Commissioner will be asked to freely utilise the amount and apply for additional funds as soon as the present allotment is nearly exhausted.

3. I beg again to invite kind reference to my letter No. C.297/23-24 dated 21st October 1923 in which I have brought to the notice of Government the need for revising the methods of work and agency during scarcity in view of Deputy Commissioners not now having the facilities available in the past.

I have the honor to be,

Sir;

Your most obedient servant,

K. Chandy

Revenue Commissioner.

M.B.R.

D.O. letter No. C.C.76/23-24 dated 23rd October 1923 from the Deputy Commissioner, Bangalore District, to the Revenue Commissioner in Mysore.

In continuation of this office letter No.76/C.C. of 23-24 dated 19th instant, re: the seasonal conditions, I enclose herein a statement showing the rainfall statistics so far received. The " Chitta Rains" gave some showers from 17th to 20th, but except in the Nelamangala Taluk, they were neither heavy nor well distributed. The seasonal conditions are not encouraging. The Amildar of Anekal writes in his letter dated 21st October 1923 (copy enclosed) that "if this state of things continues, water scarcity and fodder scarcity will keenly be felt". I have already recommended the starting of two road works in the Doddaballapur Taluk to find employment to the cooly classes in the Sasalu Hobli.

With a view to provide temporary drinking water wells if necessity arise, I addressed the President of the District Board to advise the Taluk Boards to keep funds ready for the purpose. But he pleads inability to do so (vide copy of his letter dated 16th October 1923 enclosed). I asked the Executive Engineer to start some tank maintenance work. He said that a rough project for restoring Doddagattamaduvu tank in the Sasalu Gobli was ready and that he would start the work if the Chief Engineer for Irrigation permits him to do so. I have addressed him accordingly. With regard to the tank maintenance works, the Executive Engineer writes in his letter D.O. No.283 dated 20th October 1923 (copy enclosed) that he is quite willing to give whatever help is needed, but the execution of works has to be arranged for in the Revenue Department.

Considering all the circumstances, I would submit in advance the following proposals:--

(1) A sum of Rs.2000/- may be kept in reserve for drinking water wells. To be used only if private charity fails.

(2) The Executive Engineer may be authorised to undertake

Tank maintenance works in affected localities as the Revenue Department has not got Maramat establishment.

(3) The Conservator of Forests may be requested to open the State Forests for grazing when the requisition therefor reaches him from this office.

(4) A sum of Rs.8000/- may be held in reserve for advances for purchase of fodder, seeds etc.

I would add that this report may not be understood as alarming, but the present seasonal conditions being reported to be not encouraging, I am submitting these proposals in advance so that the local officers may be ready to meet in time any emergency if necessary.

" C.o p y "

For Revenue Commissioner.

Deputy Commissioner, Bangalore Dist.

D.O.No.5 dated 21st October 1923 from the Amildar, Anekal Taluk, to the Deputy Commissioner, Bangalore Dist.

I beg to bring the following few lines for your kind consideration.

Chitta rains have almost failed. Only 54 cents were gauged at Anekal on the 18th instant and there were no reports from other Stations. The people are very anxious about the seasonal conditions. In many places Ragi has not grown to proper size. It has begun to leave ears and at this time if there are no rains, the ears will not mature and the yield will not be much. Punaji crops also are withering and in some places have withered. If one or two good showers had been received, the yield of Ragi would have been good and the Punaji crops also would have improved at least in some places. If at least in one week there are not good showers, there may arise necessity to sink temporary wells and the fodder difficulty might also be felt. If this state of things continue I think water

scarcity and fodder scarcity will keenly be felt. I shall be watching the seasonal conditions and will be reporting to you now and then.

Copy

B Venkoba Rao

Deputy Commissioner, Bangalore Dt.

Confidential D.O.Dated 16th October 1923 from the President, District Board, to the Deputy Commissioner, Bangalore District.

I am in receipt of your confidential letter No.C.C.76 dated 13th instant, copy of which has been sent to Presidents of All Taluk Boards for needful action. In this connection, I write to inform you that many of the Taluk Boards are working at a minus balance, and their income is baroly sufficient to meet their recurring expenditure. Besides drinking water wells are sunk generally by Drinking Water Well funds. So, if such a necessity as is contemplated in your letter were to arise, I think no redress can be given to the affected parts unless Government comes to their rescue.

Copy

Deputy Commissioner, Bangalore District.

D.O.No.283 dated 20th October-1923 from the Executive Engineer, Bangalore Division, to the Deputy Commissioner, Bangalore District.

I have written to my Sub Division Officer at Doddaballapur to inspect the locality and send me a list of the works that may be taken up at once. You may ask the Amildar to accompany him.

In this connection I might invite your kind reference to G.O.No.R.1299-1309/L.R.15-22-1 dated 8th September 1922, according to which the tank maintenance work has to be done as hithertofore by the Revenue Department alone and restoration works only by the Public Works Department except in special cases defined in the order itself.

I am quite willing to give whatever technical help is needed, but the execution has to be arranged for in your Department unless estimates are sanctioned for execution by the Public Works Department.

Copy

REVENUE & MISCL. BRANCH
1 NOV
REVENUE BRANCH

Dear Sir,

In continuation of my letter No.147 dated 23rd October 1923 requesting early sanction to two road-work estimates on account of the seasonal conditions in the Dodballapur Taluk, I enclose herewith copy of D.O. letter No.76 dated 29th instant from the Deputy Commissioner, Bangalore District, stating that the recent rains have not improved the situation. I request that very early sanction may be obtained to the estimates in question.

Yours sincerely,
K Chandy

T.E. Jeyarama Aiyar Esq., B.A., B.L.,
Revenue Secretary to Government.

Ref at once
12/31/10/23

D.O. letter No. C.C.76/23-24 dated 29th October 1923 from the Deputy Commissioner, Bangalore District, to the Revenue Commissioner in Mysore.

I enclose herein a copy of the Special Season Report dated 27th October 1923 received from the Amildar of Dodballapur Taluk. The recent rains do not seem to have improved the situation. I request that the road work estimates submitted with my letter No. C.C.76/23-24 dated 22nd October 1923 may be sanctioned early.

Special Season Report dated 27th October 1923 from the Amildar, Dodballapur Taluk, to the Deputy Commissioner, Bangalore District.

I beg to report that rains have withheld since the 2nd instant. Standing crops are withering for want of rain; 35 cents rain has been reported from the Sasalu Station on 25th instant. I am proceeding to Sasalu to obtain Mutchalika from the ryots for the Dadighatta Madu tank work as has been ordered.

Further developments will be reported in due course.

Dear Sir,

In continuation of my No C.147 d. 24.10.23 Re Seasonal Conditions in Doddaballapur Taluk, Dam Subg enclosed for perusal & return, the DyCom's No 76/CC. of today & its enclosure & request immediate sanction to

(1) An advance of Rs 500 to the Amildar

(2) Sanction to start the road work already recommended in

the above memo, and

(3) Sanction to start land maintenance works at Sasha & Dodagattmadu.

Yours sincerely

K. Alexander

CONFIDENTIAL,
&
IMMEDIATE.

No: 76/C.C of 23-24

Deputy Commissioner's Office,
Bangalore, 2nd November 1923.

Dear Sir,

In continuation of this office No.76/CC of the 29th October 1923 re the seasonal conditions, I write to state that from the reports since received from the Sub-Division Officers of Dodballapur and Closepet and from the Amildars of Dodballapur and Chennapatna Taluks it is seen that the recent rains have improved the situation in the Taluks of the Closepet Sub-Division and that there is not distress or "fear of a distress".

The Sub-Division Officer of Dodballapur who at my request inspected the affected part (Sasalu Hobli)in the Dodballapur Taluk has sent me a detailed report, which is herein enclosed in original. It will be seen that parts of Sasalu Hobli are affected and both he and D.P.W. Sub-Division Officer consider that there is necessity to start some road and Tank works. The Amildar of Dodballapur Taluk who had been to Sasalu on the 30th ultimo writes to me that he would go to me to obtain orders for the issue of subsistence Loans and for startin Relief works.

I shall be going to the Sasalu Hobli to-morrow and intend to start the road works on the Amani system immediately and also to advance subsistence loans, if necessary. The estimates for road works have already been submitted to you with my letter No.76/CC dated 23rd October 1923 and I shall order the starting of the works pending allotment of funds. As the persons to be employed on road works have to be paid daily, I request that an advance of Rs.500/- may be immediately placed at the disposal of the Amildar as already requested. I requ

request orders on these points in the course of the day.

The subsistence loan will be granted out of the funds allotted under "Takavi Loans" for the current year.

Yours Sincerely,

B Viswesvara Rao

To

K. Chandy, Esq., B.A.,

Revenue Commissioner in Mysore.

Bangalore.

Confl. & Immd.

Bangalore
27th Oct. 23.

Dear Sir

With ref to your letter CC 76 d. 23-10-23 regarding the seasonal conditions of the Kolar Sanitaria & the installation telephone calling reference to inspect the villages & proposed installation on the Evening of the 14th inst- as desired by you

2. The Amildar was sent for to discuss his views & to take steps. The next day he came & suggested that the improvement of the cart track from 10 villages proposed by him would give employment to the needy in these places. Since for the Asst. Engineer & he told me that the Tankworks proposed by him at Sadal & Dasagattanadu & their restoration would not only give employment to unskilled labour who form the majority of the poor but will also provide permanent good irrigation

3. Mr. Nanjundiah proceeded to Kittiedevanpalya to study the crop situation & the existing tank works formulated by these officers with the Sanitary Inspr-

4 The next day Myself & the S. Supt. walked over transversing the interior villages of

Sonnenhalli (the tanks in the 2 former villages
Aktannanhalli have good supply of water
Collahalli the crops all round were good.)
Konankuttu

Gorikevala (practically towards here, the
Bhaktarahalli villagers wanted to breach
& wanted to breach the
up Bhaktarahalli tank)

Alpanhalli (not very populous villages
Lakkenhalli standing crops good so far
Kerudpal as head drop had well on the
ground water)

Yelenahalli (deserted)

Ilpanhalli (where there are only 4 or 5 houses
& even these the standing crops
were good but wanted rain
badly :)

Nayanahalli (deserted, bordering upon
the Maidanur tank of the Kadaya
S.I. where crops were dry)

The Struggling Pallapatty / where the crops were
Dasapatty Nadu - bad in this deserted village
where the tank was opened
by the 20th Sept. :)

thence walked out to
Hanbalu, (where the roads are different);

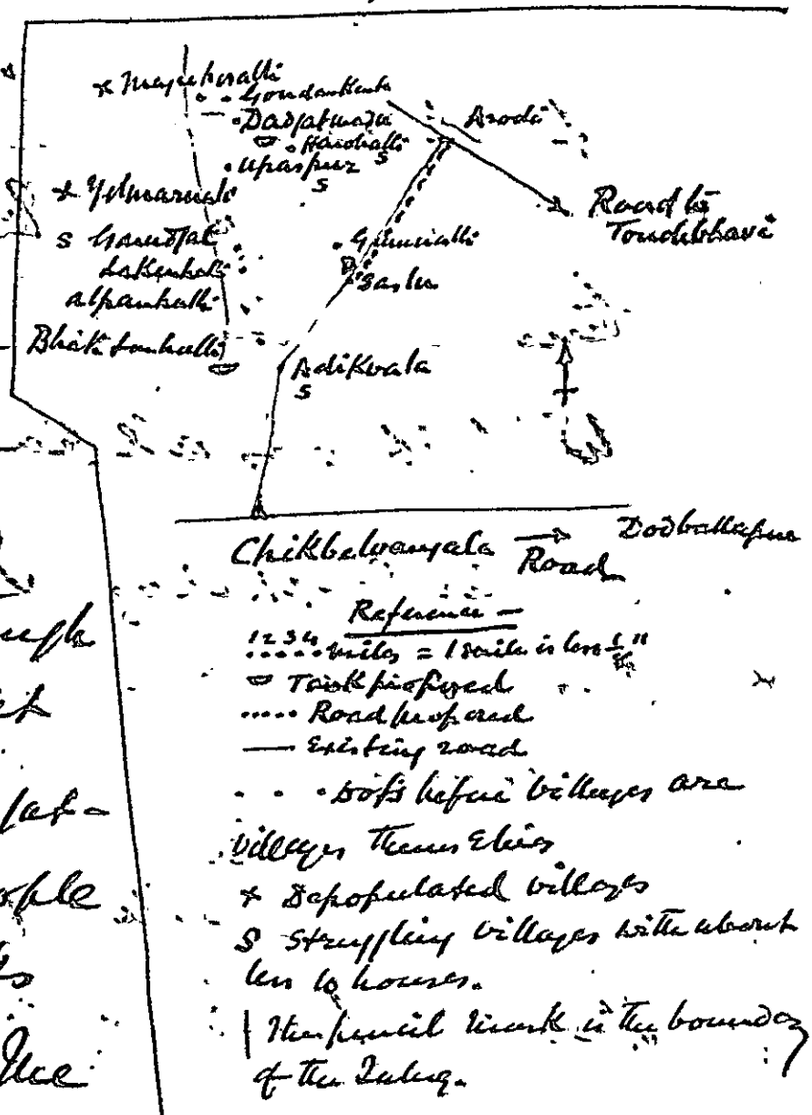
thence out to Sasa
where the standing crops were found to be
failed but was reported to be restored by
the recent Rain. Under this tank
there was a bungalow. Rest House Cess.
With it was all buddy!

5. The next day I retraced my steps
from Sasa via

Tottambade	Mallyanadanhalli
Gundahalli	Arkavala to
Ramadenhalli	Chikkebetanjapura
	Doddaballapura

Here the standing dry crops are good.
It has also rained to the extent of 3 inches 4 days ago.
Much is made of the people Eating
"Gobbigadde" flour cooked with the juice
of the bark of Sasa. But opinion is
divided. However in my opinion
the existing cart track from Chikkebanyala
via Dabbalu Arkavala Sasa to Kitaranalli
to Hodi if would join the Tondebhavi-
Madhuri Road at Hodi.

6. The asstt. Engr. & the Commr. were also agreeable to it. This will give employment to the villagers of the 10 villages mentioned by the Commr. he was first taken the Section & the following Sketch will make it clear.



From this it will be seen that the people will not have to travel much to seek road work.

7. The task work through Contr. may be tried at Bhaktachalli Dodballapur Taluk. People prefer to have tasks better than road. The asstt. Engr. too is of that opinion. To meet this demand within bounds for the time being we may take up the latter task first.

8. This will give employment to people from Adikvala to Tavadal & the road work to Tavadal & the rest of the villages of Uppapura Londankunte Dodgatnada Bachalli & Sadali. vide map.

9. Or the Dasayatnadu Taik may be also taken up in preference to Taiks as ordered but this is a bit distant to Arikavala people & others named above.

10. However the whether the work may be begun by the Engg. Deptt. or worked by the Rev. Agency I have asked the Amildar to prepare a Nominal Roll of the really needy & see that these only are sent on to work.

11. The Amildar who has included depopulated villages in his list should have left me informed about his valuable proposals & did not follow the pleading indisposition. & I sent him today to prepare the Tundubatika for the Dasayatnadu Taik as ordered: & returned back to Bangalore to proceed to Doddaballi side for Rev. Sales after seeing to urgent papers.

Yours Sincerely

B. Venkobarao Esq

Serial No. 32.

Proceedings of the Government of His Highness the Maharaja of Mysore.

Read— Letter No. C 147 dt 24-10-23 from the Resr Comr in Mysore, regarding recommending certain increases for affording relief in respect of the Bangalore DF, on account of unfavourable seasonal conditions

Order Thereon No. R. 2018-23

The Resr Comr has reported that conditions in the Doddaballapur Dk: are causing

anxiety while cases those in
the Channapatna, Nickal
and Nelamangala talukas
are reported to be most
encouraging. The Rev
Com^r has recommended
the following measures:—viz.
1. Improvement of the cart tracks from Hosahalli to Kolikuvala & the other from Hosahalli to Gummanahalli at an estimated cost of Rs 1920 & Rs 210 for tools & plant.
2. A provision of Rs 5000 to be placed at the disposal of the Dy Com^r Bangalore & the Exec Engr Bangalore Dn for starting tank works
3. The Conservator may be authorised to issue orders for the grazing of cattle in the State forests in the affected taluks
4. The Dy Com^r Bangalore may be given funds for sinking wells in the affected localities under the instructions and
(4) The Dy Com^r should be instructed to fully utilize the current year's allotment of Rs 6000 sanctioned for grant of Takavi loans in the Distt.
